

Project Type	Applicant	Applicant Institution	Project Title	Status
Theme 1: Climate, Energy and Sustainable Use of Natural Resources				
Larger Research Project	Helle Overgaard Larsen	KU-LIFE Skov og Landskab Frederiksberg	Community based forest management in the Himalayas III	Fully approved
Larger Research Project	Jens Ejbye Schmidt	DTU Risø	Biofuel production from lignocellulosic materials	Fully approved
Larger Research Project	Per Kudsk	AU-DJF Institut for Plantebeskyttelse og skadedyr	Agroecology and poverty alleviation in Bolivia - BEISA3	Fully approved
Individual/PhD	Kirsten Carlsen	KU-LIFE Skov og Landskab Frederiksberg	Corporate social responsibility: the case of forestry in Ghana	Fully approved
Individual/PhD	Klaus Dons	KU-LIFE Skov og Landskab Frederiksberg	REDD-PLUS - Inclusion of degradation in baselines	Fully approved
Individual/PhD	Kristin Marie Lassen	KU-LIFE Skov & Landskab Hørsholm	Pollination strategies to increase productivity	Fully approved
Individual/PhD	Paulo van Breugel	KU-LIFE Skov & Landskab Hørsholm	Changing natural habitats under future climates	Fully approved
Individual/PhD	Rasmus Ern Andersen	AU Biologisk Institut	Effects of temperature and hypoxia on aerobic scope in the giant freshwater shrimps (<i>Macrobrachium rosenbergii</i>) and (<i>Penaeus monodon</i>)	Fully approved
Theme 2: Agriculture, Growth and Sustainable Development				
Larger Research Project	Anne Mette Lykke	AU-DMU Afdeling for Terrestrisk Økologi	QUALITREE - research based local tree oil production	Fully approved
Larger Research Project	Hans Redlef Siegismund	KU Biologisk Institut	Transboundary animal diseases in East Africa	Partly approved
Larger Research Project	Henrik Hansen	KU-LIFE Fødevareøkonomisk Institut	Agricultural growth and poverty pockets	Fully approved
Larger Research Project	Mogens Gissel Nielsen	AU Biologisk Institut	Increasing value of African mango and cashew production	Fully approved

Project Type	Applicant	Applicant Institution	Project Title	Status
Larger Research Project	Niels Halberg	AU Internationalt Center for Forskning i Økologisk Jordbrug og Fødevarer systemer	Productivity and Growth in Organic Value-chains	Fully approved
Individual/PhD	Lone Riisgaard	Dansk Institut for Internationale Studier	Minimizing the exclusionary effects of standards. What works?	Fully approved
Individual/PhD	Mette-Helene Kronborg Andersen	AU-DMU Afdeling for Terrestrisk Økologi	Economic exploitation and CO2-sequestration of a native West African tree - a short-cut out of rural poverty	Fully approved
Individual/PhD	Øystein Juul Nielsen	KU-LIFE Skov og Landskab Frederiksberg	An asset based approach for assessing poverty dynamics, poverty traps, and poverty-environmental relations in Nepal	Fully approved
Theme 3: Fragile states, Conflict and Civil Society				
Individual/PhD	Jette Bjerre Kjertum	KU Inst. for International Sundhed, Immunologi og Mikrobiologi	Social Protection in the Afghan Context	Fully approved
Individual/PhD	Marianne Bach Mosebo	Dansk Institut for Internationale Studier	Strategies of (in)coherent lives	Fully approved
Theme: Other				
Larger Research Project	Flemming Konradsen	KU Inst. for International Sundhed, Immunologi og Mikrobiologi	Sustainable Latrine Services for the Urban Poor in Ghana (SUSLAS-Ghana).	Fully approved
