

11th European Forum on Eco-Innovation Working with emerging economies for green growth

Tuesday 11th and Wednesday 12th October 2011
in Helsinki & Lahti, Finland

Dear Madam/Sir,

On behalf of the European Commission, Directorate General for the Environment, we would like to invite you to participate at the forthcoming **European Forum on Eco-Innovation** that will take place on 11 and 12 October in Helsinki and Lahti, Finland.

The 11th Forum will be dedicated to **'Working with emerging economies for green growth'**.

The objectives of this forum are to: identify global opportunities for eco-innovation and for green trade between developed and developing nations; review practical examples of making trade work on the ground; and pinpoint the challenges and generate recommendations for policies that create a new platform to increase the global green market. The outcomes will contribute to the development of the EU position at the Rio+20 conference.

This forum is jointly organised by the Finnish Ministry of the Environment and the European Commission, with the support of the Lahti Science and Business Park.

Please note that attendance at the Forum is upon registration only and that the European Commission does not reimburse any expenses. Click here for [the programme \(.pdf\)](#), for [more information](#) and to [register](#).

Please use the following login and password to register:

Login: **ETAP**
Password: **BRIC**

We would welcome your presence and look forward to your active participation.

Yours faithfully,

The ETAP Forum Secretariat
