Introduction

The BSU Platform on Environment & Climate (BSUEC) is about to start its implementation of capacity building activities!

The Platform will apply an open and transparent process in distributing activities/tasks among researchers of the Danish universities, based on interest, competences and experience. To launch the implementation of activities you are hereby invited to an open “Matchmaking” Meeting on how to get involved in the activities designed to enhance capacities at universities in Ghana and Tanzania.

Please find attached to this invitation a set of guidelines for expression of interest and overview of activities. Also available on our website <http://bsuec.org>

Registration

Please register no later than 5th December, 2011, by sending an e- mail to sla@dmu.dk .
