

# August 8-10, Kaunas, Lithuania

“The Role of Hydrology Towards Water Resources Sustainability” is a conference series focused on water resources, hydrology and related sciences. The conference will bring together scientists to discuss about recent trends in water research and water resources management. The XXIX Nordic Hydrological Conference will be held at the Vytautas Magnus University, Kaunas, Lithuania.

## CONFERENCE SUB-THEMES:      IMPORTANT DATES:      FEES AND REGISTRATION:

1. Hydrological implications of climate and environmental change.
2. The role of hydrology on terrestrial ecosystems and greenhouse gas emissions.
3. Advanced methods and technology in hydrological modelling.
4. Agricultural, forest and urban green water management.
5. Interactions between surface and groundwater.
6. Hydrology and EU water policy with special focus on water quality and flood risk management.
7. Water ecology and restoration of disturbed water ecosystems.
8. Hydropower and the use of water resources (renewable energy sources).

- October 19, 2015 – registration and abstracts submission opens
- February 1, 2016 – deadline for abstracts submission
- March 14, 2016 – notification about acceptance of abstracts
- April 2, 2016 – deadline for application for the fee reduction
- April 11, 2016 – notification about fee reduction applications
- April 11, 2016 – deadline for conference fee payment
- June 1, 2016 – draft programme ready
- August 8-10, 2016 – Conference event

Participants who wish to give a presentation (oral or poster) must submit an abstract. The abstracts must be formulated according to the template.

Fees:  
 NHF members – 300 €  
 Non-members – 370 €  
 Accompanying person – 100 €

Students and participants from economically weak countries may apply for a 150 € fee reduction. The reduction can only be granted if the applicant is presenting an abstract in the conference. Preference will be given to the members of NHF.

**We warmly invite you to Kaunas, Lithuania, for Nordic Water 2016 !!!**

Arvydas Povilaitis  
Chair of scientific committee  
Aleksandras Stulginskis University

Diana Meilutyte-Lukauskiene  
Chair of organising committee  
Lithuanian Energy Institute
