

## **INDIA Business Forum; New possibilities on the Indian water market**

DWF hereby have the pleasure to invite you for a small business forum with focus on the Indian market. Several Danish companies are already engaged on the Indian market, either through local offices and plants or through various projects and other involvement.

The Indian water challenges are huge and the potential for using Danish technologies are also huge, provided we can find the right projects and the right Indian partners.

The business forum has the honour to welcome the Indian Ambassador to Denmark, His Excellency Mr. Ajit Gupte, who will share his thoughts with us.

The forum will take part as a parallel tract to the DWF annual Water Research day on 30 January 2018 from 13.45 to 15.00. The venue is DTU, Lyngby, Building 101, room S10.

Sign up by through a mail to [jda@dhigroup.com](mailto:jda@dhigroup.com), with subject India Business Forum, if you are NOT participating in the DWF Annual Water Research Conference.
